ACTIVITIES

I was a **member of the School of Public and International Affairs Student Union** during my entire undergraduate career. **In 2017, I assisted Dr. K. Chad Clay in his research on domestic and international human rights abuses. In graduate school, I was a member of the UGA ICMA Chapter. In January 2020, I was selected as a finalist for the ICMA Local Government Management Fellowship.** I also enjoyed non-academic enrichment activities. **From 2015 to 2018, I was a student leader in the UGA Wesley Foundation,** the nonprofit I was employed by through May 2020 (my last year of undergraduate studies, I came onto full-time staff). For two years (2016-2018), **I was also a member of Beta Upsilon Chi Fraternity, serving as the Brotherhood Event Chairman, Prayer Chairman, and Rush Committee Member for just over a year.** My passions extend past academic and professional opportunities: I am a huge fan of the outdoors and I love to hike, especially with my dog Riley. I attend church regularly and am a devout Christian. I also find ample opportunities to explore museums, breweries, and national parks as often as possible. I love history in all of its forms, especially Pre-Columbian, East Asian, and U.S. history. I am also an avid reader, and particularly enjoy Science-Fiction/Fantasy novels.
